PART O

Sec. O-1. 36 MRSA §578, sub-§1, as amended by PL 2007, c. 639, §1, is further amended to read:

1. Organized areas. The municipal assessors or chief assessor of a primary assessing area shall adjust the State Tax Assessor's 100% valuation per acre for each forest type of their county by whatever ratio, or percentage of current just value, is applied to other property within the municipality to obtain the assessed values. Forest land in the organized areas, subject to taxation under this subchapter, must be taxed at the property tax rate applicable to other property in the municipality.

The State Tax Assessor shall determine annually the amount of acreage in each municipality that is classified and taxed in accordance with this subchapter. Each municipality is entitled to annual payments distributed in accordance with this section from money appropriated by the Legislature if it submits an

annual return in accordance with section 383 and if it achieves the minimum assessment ratio established in section 327. The State Tax Assessor shall pay any municipal claim found to be in satisfactory form by August 1st of the year following the submission of the annual return. The municipal reimbursement appropriation is calculated on the basis of 90% of the per acre tax revenue lost as a result of this subchapter. For property tax years based on the status of property on April 1, 2008 and April 1, 2009, municipal reimbursement under this section is further limited to the amount appropriated by the Legislature and distributed on a pro rata basis by the State Tax Assessor for all timely filed claims. For purposes of this section, the tax lost is the tax that would have been assessed, but for this subchapter, on the classified forest lands if they were assessed according to the undeveloped acreage valuations used in the state valuation then in effect, or according to the current local valuation on undeveloped acreage, whichever is less, minus the tax that was actually assessed on the same lands in accordance with this subchapter, and adjusted for the aggregate municipal savings in required educational costs attributable to reduced state valuation. A municipality that fails to achieve the minimum assessment ratio established in section 327 loses 10% of the reimbursement provided by this section for each one percentage point the minimum assessment ratio falls below the ratio established in section 327.

The State Tax Assessor shall adopt rules necessary to implement the provisions of this section. Rules adopted pursuant to this subsection are routine technical rules for the purposes of Title 5, chapter 375, subchapter 2-A.

C. The State Tax Assessor shall distribute reimbursement under this section to each municipality in proportion to the product of the reduced tree growth valuation of the municipality multiplied by the property tax burden of the municipality. For purposes of this paragraph, unless the context otherwise indicates, the following terms have the following meanings.

(1) "Property tax burden" means the total real and personal property taxes assessed in the most recently completed municipal fiscal year, except the taxes assessed on captured value within a tax increment financing district, divided by the latest state valuation certified to the Secretary of State.

(2) "Undeveloped land" means rear acreage and unimproved nonwaterfront acreage that is not:

(a) Classified under the laws governing current use valuation set forth in chapter 105, subchapter 2-A, 10 or 10-A;

(b) A base lot; or

(c) Waste land.

(3) "Average value of undeveloped land" means the per acre undeveloped land valuations used in the state valuation then in effect, or according to the current local valuation on undeveloped land as determined for state valuation purposes, whichever is less.

(4) "Reduced tree growth valuation" means the difference between the average value of undeveloped land and the average value of tree growth land times the total number of acres classified as forest land under this subchapter.

There is established the 2009 Tax Receivables Reduction Initiative, referred to in this chapter as "the initiative." The initiative is intended to encourage delinquent taxpayers to pay existing tax obligations. The goal of the initiative is to raise revenue during fiscal year 2009-10 and to reduce the increasing tax receivables.

§ 6592. Administration

The State Tax Assessor shall administer the initiative. The initiative applies to tax liabilities that are assessed as of September 1, 2009. A taxpayer may participate in the initiative without regard to whether the amount due is subject to a pending administrative or judicial proceeding. Participation in the initiative is conditioned upon the taxpayer's agreement to forgo or to withdraw a protest or an administrative or judicial proceeding with regard to liabilities paid under the tax initiative and not to claim a refund of money paid under the initiative. This initiative is available to a taxpayer if the taxpayer:

1. Application. Properly completes and files a 2009 tax initiative application as described in section 6595 and as required by the assessor;

2. Tax, interest and penalty paid. Pays all tax, interest and penalty as described in section 6595 by the end of the initiative period under section 6594;

3. No criminal action pending. Is not currently charged with, and has not been accepted by the Attorney General for criminal prosecution arising from, a violation of the state tax law as provided in this Title or Title 17-A, or is not applying for relief on a debt that is the result of a criminal conviction; and

4. No collection by warrant or civil action. Is not applying for relief with respect to a tax liability for which the State has secured a warrant or civil judgment in its favor in Superior Court.

§ 6593. Undisclosed liabilities

This chapter may not be construed to prohibit the assessor from instituting civil or criminal proceedings against any taxpayer with respect to any amount of tax that is not paid with the 2009 tax initiative application described in section 6595 or on any other return filed with the assessor.

§ 6594. Initiative period

The time period during which a 2009 tax initiative application described in section 6595 may be filed is September 1, 2009 to November 30, 2009.

§ 6595. Initiative application

The assessor shall prepare and make available the 2009 tax initiative application. The application and associated guidelines prepared by the assessor, which govern participation in the initiative, are exempt from the Maine Administrative Procedure Act. The application requires the approval of the assessor and must include the amount of tax, interest and penalty to be paid and the periods to which the liability applies. The assessor may deny any applications not consistent with the initiative. Participation in the initiative qualifies the taxpayer to a waiver by the assessor of 90% of the penalties otherwise due.

B. "Financial institution" means a trust company, savings bank, industrial bank, commercial bank, savings and loan association or credit union organized under the laws of this State or otherwise authorized to do business in this State.

C. "Match" means an automated comparison by name and social security number or federal employer identification number of a list of taxpayers provided to a financial institution by the bureau and a list of customers of any financial institution.

2. Computer data match. Upon written request from the State Tax Assessor to a financial institution in this State with the technological capacity to perform a match, the financial institution shall perform a match using the list of taxpayer social security numbers or federal employer identification numbers provided by the bureau. The bureau is responsible for making its computer data compatible with the data of the financial institution with which a match is sought. The bureau's data, at a minimum, must include the name and social security number or federal employer identification number of and, when known, the amount of taxes owed by each taxpayer. The bureau may not request a financial institution to perform a match under this section more often than once every calendar quarter.

3. Compilation of match list. After completing a match requested by the bureau under subsection 2, a financial institution shall compile for the bureau a list of those customers whose social security numbers or federal employer identification numbers match the list of social security numbers or federal employer identification numbers of taxpayers provided by the bureau. 5. Notice to customer. The financial institution may not provide notice in any form to a customer contained in a match list submitted to the bureau under subsection 4. Notwithstanding any other provision of law, failure to provide notice to a customer does not constitute a violation of the financial institution's duty of good faith to its customers.

6. Reasonable fee. To cover the costs of carrying out the requirements of this section, a financial institution may assess a reasonable fee to the bureau not to exceed the actual costs incurred by the financial institution.

7. Confidentiality. The list of taxpayers under subsection 3, with their social security numbers or federal employer identification numbers and the amount of the tax debt provided by the bureau to a financial institution, is confidential. Sec. EEEE-2. Effect on state and local share of school funding; findings. The Legislature also recognizes that those school administrative units that choose to participate in the expansion of the Maine Learning Technology

Initiative program authorized pursuant to this Part may decide to commit a significant portion of the targeted technology resource funds allocated to the participating school administrative units pursuant to the Maine Revised Statutes, Title 20-A, section 15681, subsection 1, paragraph B to fund the cost of participating in the program.

Nothing in this Part requires a school administrative unit to participate in the expansion of the Maine Learning Technology Initiative program authorized pursuant to this Part. It is the intent of the Legislature that neither the expansion of the Maine Learning Technology Initiative program under this Part nor the benefits provided under this program to participating school administrative units serve as justification to decrease other funds appropriated or allocated to school administrative units currently participating in the middle school program established for 7th and 8th grade students and educators and funded by General Fund appropriations allocated to the middle school laptop program pursuant to the Maine Revised Statutes, Title 20-A, section 15689-A, subsection 8.
